

## Snippets, Vol 21, No 9

### From the President's Desk

We hope you were inspired to engage with National Family History Month in some way. Here at QFHS we were fortunate to be able to open our doors to the local community at our **Open Day** on Saturday 21 August. **It was a great opportunity to showcase what QFHS has to offer.**

Although masks etc were the order of the day, the number of members and non-members visiting made for a lively atmosphere throughout the day. Some 19 non-members visited and about half took the opportunity to apply for membership. Overall promotion of National Family History Month resulted in 29 new members and 5 members re-joining the Society.

Our volunteers get a great sense of satisfaction in meeting and advising those with a passion for pursuing Family History Research. Here's a comment on the experience from Lyn Hooper (Library Team Coordinator and Management Committee Member).

*"As a volunteer on Open Day, welcoming visitors and members alike outside the main door with Elaine our secretary, I must say I was surprised and pleased at the friendliness and excitement that the day brought. Having not been with a group of people for so long, it was lovely to talk to people about our passion for family history, and the visitors that I spoke to seemed just as passionate, and couldn't wait to join.*

*From outside you could hear the buzz of talking at the SIG groups. I don't think they really stopped talking all day. A lot of effort was put into the displays as well, which made for a happy atmosphere.*

*Although not so many visitors as previous years, I was pleasantly surprised that we had as many as we did. Well done to all the volunteers, and cheers to our new members."*

The Management Committee sincerely thanks all those who contributed to the success of Open

Day. A list of individual acknowledgements appears below in a thankyou message from our Publicity Coordinator, Allana O'Kane.

Prompted by concerns expressed that there are remote members and potential members who could not attend Open Day, the Management Committee has endorsed the suggestion that an online event be devised to be held in the coming months. We'll post details on the QFHS website as soon as the event is organised.

In other news we have recently been advised by Brisbane City Council that the Society has been unsuccessful in the fourth and last to be assessed of the tenders that we had submitted for lease of community buildings. This is greatly disappointing as we had held some hope that our expression of interest for the Ascot property would be viewed favourably.

We will keep you updated on further plans and decisions in this space.

Best regards,

**Kevin Haley**  
**QFHS President**

Here are some suggestions for you to explore this month.

**Hint: It's always a good idea to regularly check some of the main resources available here in Australia. Many public institutions have been busily adapting their records and archives to make them available remotely.**

### [Brisbane City Archives](#)

As part of our family history month contribution see our new family history resource for Brisbane Transport Staff working in the years 1939 – 1945 ( link below) These records are particularly valuable as they are the only Council records that record the employment of female conductresses during the war. As they were only employed on a temporary basis official staff records were never created. The collection also includes records of staff who left for military service and those who were re-employed after military service. These records initially compiled for taxation purposes include names, addresses, job titles and work locations.
